RECOVER

**Try & Buy**

**Juniper Certified Pre-Owned**

**Sustainable Sourcing**

---

## TRY & BUY

Upgrade your network with a 60-90-day, risk-free trial of Juniper's latest technology.

**Full hardware suite:** All Juniper and Mist hardware eligible

**Available globally** (excluding India)

**Hassle-free process:** Work directly with your Juniper Rep or Authorized Partner; after trial period, simply process payment or return

**Sustainable:** All returns will be reused via the Juniper Certified Pre-Owned Program—creating less waste and using fewer natural resources

---

## JUNIPER CERTIFIED PRE-OWNED PROGRAM (JCPO)

Purchase excess or previously used products that are tested for like-new quality and security.

**Quality:** Like-new performance; always updated to latest software and components

**Secure:** Rigorous certification process and OEM/MFG-backed proprietary testing process

**Support:** Backed by Juniper's warranty and J-Care eligible; right to use software license

**Speed:** Available items can ship in as few as 24 hours

**Sustainable:** Purchasing a JCPO router or switch saves over an estimated 20 lbs. of e-waste and 1,000 lbs. of $CO_2$ emissions vs MFG same unit new

---

## SUSTAINABLE SOURCING PROGRAM

Maximize the value out of end-of-use products while minimizing environmental impact.

**Secure:** OEM/MFG-backed certification process eliminates all traces of data on device, unlike unauthorized secondary market broker

**Value:** Recover value out of your decommissioned or excess hardware

**Simple:** Get a cash or credit offer and ship the product

**Sustainable:** Target the most sustainable solution with full reuse of end product

**Work with your Juniper Rep or Authorized Partner to get a sustainable sourcing offer from PureWrx or contact sales@Purewrx.com.**
